

OSM Wins Top 20 Spot Among Chicagoland Companies

OSM Worldwide is now one of the largest private companies in the Chicagoland area.

OSM Worldwide has been recognized by Crain's Chicago Business as one of this year's top 20 local companies with one of the highest year-over-year revenue growth. OSM had an impressive annual revenue increase of 52.4 % from 2015 to 2016.

The business publication also recognized another milestone in its Largest Privately Held Companies annual list: OSM Worldwide is now one of the largest private companies in the Chicagoland area. The 2017 list recognized the top 347 companies with OSM Worldwide ranked 325. This marks the first year the parcel delivery provider made the list.

"We're very proud to be recognized by Crain's," says OSM Worldwide Co-founder and President, James Kelley. "Earning a place on the list truly reflects the hard work of our employees and their commitment to providing the best shipping solutions possible."

Making Crain's list of the largest local private companies is no small thing. The list of top privately held companies includes only those firms with revenue greater than \$75 million. All the companies on the list represent a 2015 revenue totaling over \$356 billion. To see a full list of companies, please visit ChicagoBusiness.com/Private.
